## MEETMARKET - MARKETPLACE FOR DOCUMENTARY FILMMAKERS SUCCESSFUL FILMS ANNOUNCED

**MeetMarket** brings together selected documentary filmmakers with national and international executive producers, broadcasters and distributors attending the **AUSTRALIAN INTERNATIONAL DOCUMENTARY CONFERENCE (AIDC)** in Adelaide in February, 2010.

AIDC received 77 entries competing to participate in **MeetMarket** 2010. Twenty-four of these projects were chosen, of which 20 were made by Australian filmmakers.

For the first time a few slots were made available to potential projects from the Asia and Pacific regions. Two projects from New Zealand, one from India and one from Iran were selected.

Of the Australian projects, seven come from NSW, six from Victoria, three from South Australia, two from Queensland and one from West Australia.

AIDC Executive Director, Joost den Hartog says, "We are very happy with this year's slate of **MeetMarket** projects including works in development by seasoned Australian filmmakers such as Sally Ingleton, Pat Fiske, multiple Oscar nominee, David Bradbury, Simon Nasht and Simon Target."

Screen Australia Chief Executive Ruth Harley says, "Meet Market provides a unique chance for documentary filmmakers with projects in development to meet with potential buyers. Screen Australia is proud to again be partnering with AIDC deliver this marketplace opportunity and we congratulate all those selected to participate in the 2010 event."

Producers, broadcasters and distributors from the documentary industry will watch pitch teasers of the 24 projects through the **Screening Room** online. They will then choose the ones they wish to discuss further in one-on-one meetings with the filmmakers at the Conference in Adelaide. These meetings provide the opportunity for creative and original ideas to be fast-tracked within a supportive and structured setting.

As well as **MeetMarket**, AIDC 2010 provides a range of marketplace opportunities for its delegates including **Trailer Park**, **Videotheque** and **The Editors' Hour**. Online facilities supporting these opportunities include the **Screening Room** and **DocExchange**.

For more info visit **MeetMarket** under **Marketplace** at [www.aidc.com.au](http://www.aidc.com.au).

**Australian International Documentary Conference**  
**23 - 26 February 2010**  
**Hilton Adelaide, South Australia**
